

REMARKS

Applicants would like to thank Examiner Shaio for the courtesy of a telephone call on February 28, 2011. During that telephone call, Examiner Shaio indicated that claim 1 needed further clarification regarding which claim limitations, in the form of chemical structures, were deleted. With regard to claim 27, the Examiner also indicated that he believed the compound N-N-diethyl-N'-(6-methyl-5H-pyrido[3',4':4,5]pyrrolo[2,3-g]isoquinolin-10-yl)-propane-1,3-diamine was allegedly anticipated by the prior art. The Examiner recommended amending claim 27 to include all of the compounds recited in claim 5, except for this particular compound. The Examiner agreed that the requested clarification of claim 1 and the amendment to claim 27 would place the claims in an immediate condition for allowance. Accordingly, Applicants have amended claim 27 per the Examiner's suggestion and present clarification regarding the prior amendment to claim 1 herein.

In the amendment to claim 1 presented on January 31, 2011, Applicants deleted Graphic "1" and replaced it with Graphic "2", both "Graphics" are represented below.

As such, and as correctly indicated in this Supplemental Amendment, the ring A limitation is selected from heterocyclic moieties bearing an R1 substituent.

As it is believed that all of the rejections set forth in the Official Action have been fully met, favorable reconsideration and allowance are earnestly solicited.

If, however, for any reason the Examiner does not believe that such action can be taken at this time, it is respectfully requested that he/she telephone applicant's attorney at (908) 518-6360 in order to overcome any additional objections which he might have.

If there are any additional charges in connection with this requested amendment, the Examiner is authorized to charge Deposit Account No. 12-1095 therefor.

Dated: March 14, 2011

Respectfully submitted,
